

1 Q. **Re: p. B-101** Restate the Project Costs at p. B-101 to break out the costs
2 related to each of the two sites referred to in this project and provide the floor
3 area of each building and the number of offices and/or working areas in each
4 building.

5

6

7 A. **Whitbourne**

8 Approximately 1770 square feet of space will be air conditioned. This space
9 consists of four fixed offices (780 ft²), a boardroom (344 ft²), and a general
10 office area (648ft²).

11

12 **Stephenville**

13 Between 1700 and 1800 square feet of space will be air conditioned. The
14 space consists of seven fixed offices (totaling approx. 1230 ft²), a general
15 office area (300 ft²), and a foyer and corridor area (260 ft²), which will be
16 indirectly cooled by virtue of being open to the general office area.
