Good morning Jill.

Attached is a revised report from Oliver Wyman into their review of the FA Taxi Filing. This represents the final report by OW on the filing. In reviewing FA's response to the May 9, 2014 OW report I noted three minor corrections as follow to the OW report:

1. Pg 6 *Selection of Ultimate Claims Counts* - addition of the word "of" in the last full line "...we find its use "of" the Industry CV..."
2. Pg 7 *Health Levy* – second line add the word "responsible" immediately before the word Ministry.
3. Pg 8 Expense Provision – change the reference to NL Province to "provincial government".

Also, for some reason the last two lines that were at the bottom of page 7 in the May 9 report have been moved over to the top of page 8, similar carryovers occur elsewhere in the report as well but are not the result of additions or deletions of anything in the report.

Please note that all further reference to the Oliver Wyman report into the FA Taxi filing should be based on the May 16, 2014 report.

Best Regards.
