

1 **Public Utilities Board PUB-FA-3:** *Please provide, on a per written vehicle basis at proposed rates, the*
2 *expense to be reimbursed to each Servicing Carrier in the writing of Taxis through the Facility*
3 *Association Residual Market in Newfoundland and Labrador.*

4 **FA Response to PUB-FA-3:**

5 As noted above, the Servicing Carriers are not reimbursed for expenses, but are compensated on the
6 basis of the mandated formula. That said, consistent with our 2014 Taxi rate filing, the estimated
7 average written premium per taxi at proposed rates would be \$4,692. Servicing Carriers are
8 compensated on a basis of 10% of written premium, or \$469 per taxi where average written premium is
9 \$4,692.
