Ladies and Gentlemen:

**Re: Newfoundland and Labrador Hydro – 2017 General Rate Application Hearing
Schedule**

This is in reply to the Board's letter of yesterday proposing a revised schedule for the hearing of the above-noted application.

Newfoundland Power confirms that it is able to work within the proposed schedule. However, we observe that the proposed timeline for written and oral submissions in relation to preliminary motions appears somewhat compressed. Depending on the nature and scope of such motions, additional time may be warranted for due consideration by counsel who will also be preparing for commencement of the hearing the following week.

We trust this is in order.

Yours very truly,
