

1 Q. (Reference 2017 GRA Volume I, page 1.10, 1.2.3) Hydro states “*While Order in*  
2 *Council OC2013-343 directs that costs associated with the Muskrat Falls Project be*  
3 *recovered from Island Inter-connected rates, it prohibits the recovery of those costs*  
4 *until the project is commissioned or near commissioning and Hydro is receiving*  
5 *services.*” Does this mean that Hydro Quebec and Emera can sell power directly to  
6 Newfoundland Power and the Industrial Customers with no Newfoundland and  
7 Labrador Transmission Line and Labrador Transmission Line open access before  
8 Muskrat falls is online?
