

1 Q. (Reference 2017 GRA Volume I) What is the projected cost for Hydro embedded  
2 contractors in 2017?

3

4

5 A. The projected labour portion of the professional service contracts for  
6 Newfoundland and Labrador Hydro's embedded contractors in 2017 is \$6.3 million;  
7 of which \$0.8 million is for the provision of professional services related to the  
8 Exploits generating assets.<sup>1</sup>

---

<sup>1</sup> The costs associated with Exploits are fully recovered from Nalcor for the purposes of operating these assets and are not included in Hydro's revenue requirement .
