

1 Q. (Reference 2017 GRA Volume I) Please provide demographic information in
2 reference to Hydro’s domestic service area. Please provide the number of domestic
3 and other customers in Labrador and the location/community in which these
4 customers reside. Please provide particulars of the number of domestic and other
5 customers on the island of Newfoundland and the location/community in which
6 these customers reside.

7
8

9 A. Please refer to Volume II, Exhibit 1, Schedules V and VI for the location of the
10 systems that make up Hydro’s service area and refer to CA-NLH-159, Attachment 1,
11 which provides the number of retail customers served by Hydro as of January 2017.
12 Many of Hydro’s systems consist of more than one community and may include
13 customers located outside of community boundaries, such as cabins. Also, note that
14 the community of William’s Harbour is expected to relocate.

15
16

17 Hydro does not maintain tabulated demographic information for all the locations
18 and communities served by Hydro. Demographic information reflecting Hydro’s
19 service area is available from the provincial Department of Finance in their
20 “Newfoundland and Labrador Community Accounts” database and is also available
from Statistics Canada.
