

1 Q. **Re: May 18, 2018 Application regarding Confidential Information contained in**
2 **Table 2 of Hydro’s Response to PUB-NLH-149**

3 In clause 12 Hydro states “*Maintaining competition amongst energy suppliers is*
4 *essential in order to achieve the lowest energy costs for Hydro’s customers*”. Please
5 explain how NEM’s procurement process ensures competition and that Hydro’s
6 customers are receiving power at lowest possible cost. Does NEM incorporate
7 environmental considerations in its procurement process, and if so, how?
