

1 Q. Is Hydro committed, by contract or otherwise, to pay Nalcor (or a Nalcor entity) the
2 estimated amounts (per PUB-NLH-018 and page 103 of the Grant Thornton Report),
3 or some other amounts, under factor "H = Amounts paid by Hydro for use of LIL and
4 LTA" identified in the formula set out at page 101 of the Grant Thornton Report,
5 during and for the OPDA period, even if no power is received over the LTA/LIL and
6 available to the Island System during the OPDA period?

7
8

9 A. Hydro's obligation to pay the types of costs identified in Hydro's response to PUB-
10 NLH-018 will commence only when the Labrador-Island Link and the Labrador
11 Transmission Assets are transmitting energy to the island to supply Hydro's
12 customers.
