

1 Q. With the reference to the Summary Report, page 7, please provide full details of
2 how Hydro estimated that Maritime Link purchases will be 10% lower compared to
3 No 6 fuel price, with all supporting evidence relied upon for that estimate. Also,
4 please clarify whether Hydro maintains that a “10% lower” price forecast method
5 would apply even as different No. 6 Fuel prices are updated during the course of
6 the hearing?
