

1 Q. **NLH Evidence, Section 5.2, page 5.14**

2 Please explain why the amounts in Table 5-1 (Required Increase in Customer Billings  
3 to Recover Revenue Requirement) are substantially higher than those in Table 1-1  
4 (Proposed Average Interim and Final Rate Changes).

5

6

7 A. Table 5-1 shows the required customer billing increases for Hydro to recover its full  
8 2018 and 2019 Test Year revenue requirement increases relative to July 1, 2017  
9 rates.

10

11 Table 1-1 shows the impact on customer billings of implementing Hydro's proposed  
12 2018 interim rate increase relative to July 1, 2017 rates, and implementing 2019  
13 final rates relative to the proposed 2018 interim rates. Table 1-1 provides the same  
14 information as Table 5-2 on page 5.16.
