

1 Q. LAB-NLH-58: Re: LAB-NLH-020

2

3 **Citation:**

4 The implementation of an Open Access regime will not adversely affect native load
5 customers primarily because Hydro will only pay its proportional share of the
6 revenue requirement based on transmission usage.

7

8 Please elaborate on how “the proportional share of the revenue requirement based
9 on transmission usage” will be determined in the Open Access Transmission Tariff.

10

11

12 A. Please refer to Hydro’s response to CA-NLH-175.
