

1 Q. **Volume 1 (1<sup>st</sup> Revision), Chapter 5: Rates and Regulations**

2 Please provide a schedule with estimated beginning and end dates for Hydro's  
3 current and upcoming regulatory applications and processes relating to customer  
4 rates for the 2017-2020 period. The schedule should include, but not be limited to:  
5 (i) Hydro's 2017 General Rate Application, (ii) Hydro's 2018 Cost of Service and Rate  
6 Design Methodology Review, (iii) Hydro's 2019 Application to recover Muskrat Falls  
7 supply costs, and (iv) Hydro's 2019 General Rate Application. (Volume I (1st  
8 Revision), Chapter 5: Rates and Regulation, Page 5.4, Lines 7-15)

9  
10  
11 A. (i) The schedule for Hydro's current General Rate Application has been set by  
12 Procedural Order No. P.U. 30(2017). With respect to the timing of the current  
13 Application, please refer to Hydro's response to PUB-NLH-003.

14  
15 (ii) Hydro plans to file its Cost of Service Methodology application in the third  
16 quarter of 2018 with a projected end date, including an order of the Board, of  
17 March 2019.<sup>1</sup>

18  
19 (iii) and (iv) Hydro plans to file its 2019 GRA, which will include recovery of Muskrat  
20 Falls Project costs, by June 30, 2019 with the requirement for new customer rates  
21 projected to be in effect September 1, 2020.

22  
23 Hydro notes that the process schedule for each proceeding will ultimately be  
24 determined by the Board.

---

<sup>1</sup> The Cost of Service Methodology Application will include proposals for the revised rate designs for Newfoundland Power and Island Industrial Customers.
