

1 Q. Further to response to Request for Information NP-NLH-115:

2

3 Does the Island Interconnected System have first priority for the use of pre-
4 commissioning energy from the Muskrat Falls Generating Station? If so, please
5 provide the legislative, contractual or any other basis for this priority.

6

7

8 A. Yes, Island Interconnected customers have first priority for the use of
9 commissioning energy from the Muskrat Falls Generating Station. The basis for this
10 priority is section 3.3 of the Power Purchase Agreement between Hydro and the
11 Muskrat Falls Corporation.
