

1 Q. Further to response to Request for Information NP-NLH-120:

2

3 Regarding the additional operators for the Energy Control Centre, footnote 2 of the
4 response states "...Nalcor agreed to pay for the cost of these operators until
5 2018..." and "In 2018 and 2019, these operators... are expected to be paid by
6 Hydro."

7

8 Table 1 of the response lists \$0.6 million for additional Energy Control Centre
9 operators to be incurred in 2017F, and no costs in 2018T or 2019T.

10

11 If necessary, please restate Table 1 to reflect no costs to Hydro in 2017F and costs
12 to Hydro in 2018T and 2019T. If not necessary, please indicate how and when
13 Hydro will pay these costs.

14

15

16 A. Hydro has committed to not increasing FTEs in the 2018 and 2019 Test Years as
17 outlined in Hydro's response to PUB-NLH-033, lines 15-17. The costs associated
18 with the operators will be found within the existing Hydro forecast for the 2018 and
19 2019 Test Years.
