4 Has Hydro established a schedule for the development of a network addition policy
5 or for any other policy intended to address the requirements of new customers
6 such as cryptocurrency miners?

7

8

9 A. Hydro is reviewing potential options; however, at this time, it does not have a
10 schedule for the development of such a policy. Hydro's duty to serve customers is
11 found in the *Public Utilities Act* and *Electrical Power Control Act, 1994* and any
12 policy or approach taken by Hydro must comply with this legislative framework,
13 which is a consideration in Hydro's review of potential options.
