7 A. Newfoundland and Labrador Hydro's response to NP-NLH-185 was based on the original
8 "2017 General Rate Application" filing. The numbers provided in the "Corporate Business
9 Systems Transformation Program Justification Report" reflect updated financial forecasts
10 and user allocations, which changed Newfoundland and Labrador Hydro's share of the
11 Business Systems Transformation Program cost to the 52.6% indicated in the "Corporate
12 Business Systems Program Justification Report."
