

- 1 **Q. Please provide the numbers of transmission line inspections planned and the**
 2 **numbers completed in 2016, 2017, and 2018.**
 3
 4 A. As part of Newfoundland Power’s preventative maintenance program, transmission lines
 5 are inspected annually.
 6
 7 Table 1 shows transmission line inspections planned and completed in 2016, 2017 and
 8 2018.

**Table 1:
 Transmission Line Inspections
 (2016-2018)**

	2016	2017	2018
Planned	107	107	107
Completed	105	107	106

- 9 Two transmission line inspections (20L and 66L) were not completed in 2016, but were
 10 subsequently completed in both 2017 and 2018. One transmission line inspection (55L)
 11 was not completed in 2018, but was subsequently completed in early 2019.
