

1 Q. Please provide the numbers of terminal stations that supply distribution voltages to
 2 Newfoundland Hydro’s rural interconnected distribution system.

3

4

5 A. See table below which outlines the number of terminal stations, by voltage class
 6 and region, that supply distribution voltages to Hydro’s rural integrated distribution
 7 system.

Region	Station Voltage Class (kV)			Subtotal
	230	138	69-46	
TROE/W	0	3	8	11
TRON	0	2	11	13
TROL	0	1	6	7
Subtotal	0	6	25	
Total	31
