

1 Q. Regarding additional loads in Labrador West (including loads which Hydro has
2 committed to serving but are not yet in service, loads which have been requested
3 but Hydro has not yet committed to serving, and have been the object of inquiries
4 without a formal request for service), please disclose Hydro's plans for system
5 upgrades (including high-level cost estimates) to serve these loads, in increments of
6 25 MW. Please include non-data centre loads in this discussion.

9 A. The capital project under consideration pertains to the transmission reliability and
10 capacity in Labrador East; Hydro's plans for system upgrades for Labrador West are
11 not a relevant issue for this proceeding.
