

1 Q. **Re: Labrador Expansion Study, p. 11 (pdf)**

2 There appears to be text missing at the end of page 3 of the Study (p. 11 of the pdf).

3 Please complete.

4

5

6 A. The text that completes the phrase found at the end of page 3 of the “Labrador
7 Interconnected System Transmission Expansion Study,”¹ can be found on page 4.

8 The completed phrase reads “*The LIS system east of Churchill Falls is the Labrador
9 East System and serves Happy Valley-Goose Bay and its surrounding area. A block
10 diagram depicting the overall LIS is shown in Figure 2.*” The text “*overall LIS is shown
11 in Figure 2.*” assumed the formatting style of the figure following it which, in turn,
12 moved it to the next page and centred it along with Figure 2.

¹ Filed with the Board of Commissioners of Public Utilities on October 31, 2018.
