

1 Q. **Re: Network Addition Policy, page 20 (pdf)**

2 Citation:

3 This section will apply to determine the required Upstream Capacity Charge to
4 supply demand requests of greater than 200 kW from an Applicant.

5

6 a) Please confirm that, for demand requests of up to 200 kW from an Applicant,
7 there is not Upstream Capacity Charge.

8 b) Please explain what tools, if any, are available to Hydro if it suspects that two or
9 more demand requests of under 200 kW are from related companies.

10

11

12 A. Questions relating to the “Labrador Interconnection System Transmission Expansion
13 Study” and the “Network Additions Policy,” filed by Newfoundland and Labrador
14 Hydro on October 31, 2018 and December 14, 2018 respectively, are not relevant
15 for this proceeding. The Board of Commissioners of Public Utilities has indicated by
16 letter dated November 20, 2018 and email dated December 20, 2018, both of which
17 were received by all intervenors, that a separate process will be established in
18 relation to those two filings.
