

1 **Q: Reference: “Embedded and Marginal Cost of Service Review,” The Brattle**
2 **Group, May 3, 2019, Exhibit II at pp. 78-79**

3
4 **In The Brattle Group's experience, is it common for utilities to base marginal**
5 **generation capacity costs on the cost of non-firm generation capacity? Please**
6 **provide examples of the use of such an approach, if available.**

7
8 **A. We are not aware of utilities that rely on non-firm generation capacity.**
