

- 1 Q. Appendix A, page 11: Please provide an explanation of how Hydro went from its
2 transmission capacity expansion plan to \$/kW-year.
3
4
- 5 A. Please refer to Newfoundland and Labrador Hydro's response to PUB-NLH-009, Attachment
6 1 for the capital projects included in the Transmission Capacity Component. These costs
7 were used to derive the transmission capacity cost per kW of \$33.40/kW-year as provided
8 in Newfoundland and Labrador Hydro's response to PUB-NLH-008, Attachment 2, Tab "M.
9 T_CAP 18," cell G20.
