

- 1 Q. Please explain how frequently Hydro proposes to update its Expansion Cost per kW estimates. If
2 Hydro does not intend to update the Expansion Cost per kW estimates on a preset schedule,
3 please explain what would trigger Hydro to update the estimates?
4
5
- 6 A. Newfoundland and Labrador Hydro (“Hydro”) would update its Expansion Cost per kW estimates
7 as part of the annual assessment process, which would be completed as per Hydro’s response to
8 PUB-NLH-092.
