

- 1 **Q. At 4-24 of its 2016 filing NP discussed the province’s short-term growth outlook,**
2 **which reflected the completion of major projects, like Muskrat Falls and Hebron.**
3 **Would NP agree that the Board did not change its risk assessment of NP at that time**
4 **and discuss why it should change its risk assessment of NP now that those projects**
5 **are completed and the temporary growth spurt dissipated?**
