

1 Q. **Reference: Volume II, Replace Elevator Motors and Control Equipment – Hydro Place, Tab 20,**
2 **Attachment 1**

3
4 Has Hydro engaged an independent third party with expertise in elevator systems to confirm the
5 recommendation by thyssenkrupp Elevator (Canada) Limited? If yes, please provide a copy of
6 their recommendation. If not, why not?

7
8
9 A. Newfoundland and Labrador Hydro (“Hydro”) did not engage a third-party to assess the
10 elevator. The original equipment manufacturer, thyssenKrupp Elevator (Canada) Limited, is
11 knowledgeable in assessing life expectancy of its equipment and are intimately familiar with this
12 equipment. They are Hydro’s service provider for preventive maintenance activity and service
13 calls on these elevators.
