Attention: Ms. Cheryl Blundon
Director Corporate Services & Board Secretary

Dear Ms. Blundon:

Re: Application for Approvals Required to Execute Programming Identified in the Electrification, Conservation and Demand Management Plan 2021–2025 – Responses to Requests for Information – Delay in Filing

During Newfoundland and Labrador Hydro's ("Hydro") quality assurance review of its responses to requests for information ("RFI"), Hydro identified items requiring correction in some of the responses. The items identified impacted additional RFI responses and, regrettably, Hydro was not able to file its responses with the Board of Commissioners of Public Utilities ("Board") by the March 23, 2022 deadline. Hydro is working to remedy these issues as quickly and thoroughly as possible; however, Hydro must request the further indulgence of the Board and parties regarding additional filing delay. Hydro endeavours to have the full package of RFI responses provided by the end of this week, March 25, 2022.

Should you have any questions, please contact the undersigned.

Yours truly,

NEWFOUNDLAND AND LABRADOR HYDRO
