

1 Q. **Reference: Reference Application**

2 Did Hydro consider undertaking the installation of the proposed EV charging network as a non-
3 regulated service, with the costs recoverable through sources of revenue other than regulated
4 rate base or a deferral account?

5 a) If yes, please provide all analyses and reports that have been prepared by independent
6 consultants or Hydro staff exploring this option.

7 b) If no, please explain why the option was not considered.

8

9

10 A. Please refer to Newfoundland and Labrador Hydro's response to IIC-NLH-004, part b) and part
11 c).
