

1 Q. **Reference: Application, Attachment 1, Page 7, Lines 16 - 18**

2 On Page 7 at Lines 16 - 18, Hydro states:

3 “Installing storage at this site would require higher dams, which may be  
4 considered unacceptable, given it would result in unacceptable upstream  
5 flooding; therefore, the option of constructing higher dams to provide  
6 additional capacity was removed from consideration.”

7 What is located upstream of Site 8C-2 that makes the option of constructing higher dams  
8 unacceptable?

11 A. There is a privately owned and operated sports fishing lodge named “St. Lewis River Lodge”  
12 located approximately 4 km upstream of Site 8C-2. Please refer to Newfoundland and Labrador  
13 Hydro’s application for further information regarding the fishing lodge and other considerations  
14 regarding Site 8C-2.<sup>1</sup>
