

- 1 **Q. (2021 Electrification, Conservation and Demand Management Application, Volume**
2 **2, page 4) It is stated “32 jurisdictions provide incentives for vehicles or chargers”.**
3 **Are similar incentive programs being offered or being considered in the Province?**
4 **If so, please provide details. If not, why not?**
5
- 6 A. Yes, if approved, similar incentives will be offered in this province by Newfoundland
7 Power and Newfoundland and Labrador Hydro as part of the *Electrification,*
8 *Conservation and Demand Management Plan: 2021-2025* (the “2021 Plan”).
9
- 10 For residential customers, the 2021 Plan includes vehicle purchase incentives to address
11 the upfront capital cost of purchasing an EV. The 2021 Plan also includes incentives for
12 the purchase and installation of Level 2 chargers for residential customers.¹
13
- 14 For commercial customers, the 2021 Plan includes an incentive to replace existing
15 gasoline-powered vehicles with EVs or to add an EV to their fleet. The 2021 Plan also
16 includes incentives for the purchase and installation of Level 2 chargers for workplaces
17 and fleets.²
