

1 **Q.** **With reference to Hydro’s response to IIC-NLH-017:**

2 Please confirm the schedule shows no benefit from marginal cost of capacity.

3

4

5 **A.** IIC-NLH-017 requested “the estimated revenue loss related to 985.8 GWh of energy savings.” As
6 such, the values presented in Newfoundland and Labrador Hydro’s response to that request for
7 information are based solely on energy and do not reflect any aspects related to marginal cost
8 of capacity.
