

- 1 **Q. (Reference Application Schedule B, Additions to Real Property, page 63 of 99) It is**  
2 **stated “... the installation of electric vehicle chargers for Company electric vehicle**  
3 **fleet at \$70,000.” Will these charging stations be open to the public? Will charging**  
4 **stations proposed by Newfoundland Power for public use be available for use by**  
5 **Newfoundland Power for its vehicles?**  
6
- 7 A. See response to Request for Information PUB-NP-011 regarding Newfoundland Power  
8 electric vehicle (“EV”) charging stations being open to the public.  
9
- 10 EV charging stations proposed by Newfoundland Power as part of its *Electric Vehicle*  
11 *Charging Network* project would be available for use by Newfoundland Power for its  
12 vehicles.<sup>1</sup> The EV charging stations proposed as part of the *Additions to Real Property*  
13 project would permit the charging of Company EVs at Newfoundland Power buildings  
14 during and after business hours.<sup>2</sup>
