

1 Q. **Reference: Rates and Regulations**

2 Assuming Hydro's rate and RSP rule proposals are accepted, provide a forecast of
3 RSP rate changes to Newfoundland Power's retail customers by year from 2014 to
4 2017, inclusive.

5

6

7 A. []

8

9 Due to the volatility in current fuel prices, Hydro does not believe it is meaningful to
10 provide a forecast of the RSP rate changes beyond the 2015 Test Year.
