

1    Q.    **Re Upgrade Burnt Dam Access Road, Phase 2, p. B-17.**

2            Is the road from Granite Canal to Burnt Dam plowed of snow in the winter?

3

4

5    A.    The road from Granite Canal to Burnt Dam is not plowed of snow in the winter.

6            Hydro performs maintenance work during off-winter periods. When the road is

7            impassable because of snow cover, a helicopter is used to transport personnel and

8            supplies as required, normally on a biweekly basis.
