

1 Q. **2011 Capital Plan, p. 13**

2 NLH refers to a report summarizing the findings and recommendations of a review  
3 of the condition of the older plants submitted to the Board on December 18, 2009  
4 (the “Hatch” report), and used to develop a long-term replacement and renovation  
5 plan for diesel plants over the next two years. Please state which projects in the  
6 2011 Capital Budget are identified by the Hatch report as required projects.

7

8

9 A. There are no projects in the 2011 Capital Budget that are identified by the Hatch  
10 report as required projects.
