Dear Sirs/Madams:

**Re: Newfoundland and Labrador Hydro – Amended General Rate Application -  
Island Industrial Customer rates, effective January 1, 2015**

Hydro filed an amended general rate application on November 10, 2014 requesting, among other things, an Order of the Board approving revised interim Island Industrial customer rates

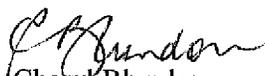

and RSP rules effective January 1, 2015. The Island Industrial customers were provided direct notice of this application.

The Board would normally proceed to establish a schedule for requests for information and the filing of additional evidence and submissions before issuing its decision. However, based on correspondence from Hydro, dated November 28, 2014, it is clear that Hydro is seeking early consideration of the proposed rates and rule changes to allow for the implementation of any changes effective January 1, 2015. Given the proposed effective date, the process for the review of this application must be compressed and there will be no requests for information or filing of additional evidence. The application will be considered based on the evidence filed by Hydro and any submissions which may be filed.

The Board requests submissions by Thursday, December 11, 2014. In addition to any other areas of interest, the Board asks that submissions address whether Hydro's proposals are consistent with the government direction in OC2013-089.

If you have any questions, please do not hesitate to contact the Board's Legal Counsel, Ms. Jacqui Glynn, by email, [jglynn@pub.nl.ca](mailto:jglynn@pub.nl.ca) or telephone (709) 726-6781.

Yours truly,

  
Cheryl Blundon  
Board Secretary
