

1 Q. If this application is approved, does Hydro intend to file a revision to the 2017
2 General Rate Application to include the increased cost? If yes, when?

3

4

5 A. An estimated increased cost for the Revised Capacity Assistance Agreement was
6 included in the 2017 General Rate Application. The amount of the estimate was
7 2.52 M annually. The final amount arrived at through negotiation with CBPP is 2.565
8 M annually. Hydro will not be filing a revision to the 2017 General Rate Application
9 to reflect this cost difference.
