

- 1 Q. In reference to Hydro's proposed Net Metering Program, what general service  
2 customers does Hydro figure would participate in this program? Provide, generally,  
3 some likely candidates who would be interested in Net Metering.  
4  
5
- 6 A. General Service customers include all Hydro Rural customers that do not meet the  
7 criteria to qualify for the Domestic rate. This includes fish plants, retail stores, office  
8 buildings, farms, small businesses, etc. Hydro does not have data on what types of  
9 General Service customers might avail of net metering.
