

1 Q. Please advise for each the Canadian jurisdictions which provide for a cash payment
2 for energy credits (BC, AB, MB, NS and Yukon) if the utilities and/or the regulators
3 were provided direction from their respective provincial governments as to the rate
4 that should be used.

7 A. Hydro has not found any correspondence indicating that utilities were provided
8 direction from their respective provincial governments as to the specific rate that
9 should be used as compensation for unused energy credits. In British Columbia, the
10 rate was decided by the regulator.¹
