IN THE MATTER OF the *Public Utilities Act*, (the "Act"); and

IN THE MATTER OF an Application by Newfoundland and Labrador Hydro for an Order approving: (1) its 2018 capital budget pursuant to s.41(1) of the Act; (2) its 2018 capital purchases, and construction projects in excess of \$50,000 pursuant to s.41 (3) (a) of the Act; (3) its leases in excess of \$5,000 pursuant to s. 41 (3) (b) of the Act; and (4) its estimated contributions in aid of construction for 2018 pursuant to s.41 (5) of the Act.

TO: The Board of Commissioners of Public Utilities ("the Board")

NOTICE OF INTENTION TO PARTICIPATE

A. General

1. Newfoundland Power Inc. ("Newfoundland Power") wishes to participate in the Application.

B. Interest of Newfoundland Power

2. Newfoundland Power purchases approximately 85% of Newfoundland and Labrador Hydro's ("Hydro") annual production of electrical energy on the island of Newfoundland and therefore has an interest in Hydro's proposed capital expenditures and leasing obligations for 2018.

C. Disposition Advocated by Newfoundland Power

3. The disposition of the proceedings advocated by Newfoundland Power is that the Board is required by the Act to approve, and should approve, those proposed improvements or additions to Hydro's property for 2018 as are shown by the record before the Board to be reasonably necessary for Hydro to meet its obligations to provide electrical service as required by the Act.

D. Facts and Reasons Supporting Intervention

4. The primary reason for Newfoundland Power's intervention is to receive and consider materials filed in support of the Application so as to be in a position to assess

whether the record before the Board indicates that Hydro's proposed capital expenditures and leasing obligations for 2018 are reasonably necessary for Hydro to meet its obligations to provide electrical service as required by the Act.

E. Participation of Newfoundland Power

5. Newfoundland Power does not currently intend to present any evidence in relation to the Application. Newfoundland Power may wish to participate in technical conferences, file requests for information as provided by the *Board of Commissioners of Public Utilities Regulations, 1996*, and to call witnesses and avail of the right to cross-examine witnesses or to submit argument at a public hearing of the Application, all as the circumstances may require.

DATED at St. John's, Newfoundland and Labrador this 10th day of August, 2017.
