Attention: Ms. Cheryl Blundon
Director of Corporate Services & Board Secretary

Dear Ms. Blundon:

Re: Reliability and Resource Adequacy Study Review – Study Update – Filing Date

As advised in previous correspondence, Newfoundland and Labrador Hydro (“Hydro”) is preparing an update to Volumes I and III of the Reliability and Resource Adequacy Study and had noted that it would be filed by August 31, 2022. Hydro has retained an external consultant to assist with certain aspects of the updates. To allow for this review with the intention of providing the Board of Commissioners of Public Utilities (“Board”) and the parties with the best available information, Hydro requests the Board’s understanding regarding a delay in the filing of the update. Hydro intends to file the update to Volumes I and III by September 30, 2022.

Should you have any questions or comments, please contact the undersigned.

Yours truly,
