Dear Sirs:

**Re: Newfoundland and Labrador Hydro - Reliability and Resource Adequacy Study
Review - Request for Intervenor Status**

The Board has reviewed the request of the Island Industrial Customer Group for intervenor status in this proceeding and agrees with the Island Industrial Customer Group that its customers represent a distinct class of Hydro's customers whose distinct interests may not be represented by the Consumer Advocate.

The Board is satisfied that the Island Industrial Customer Group has a direct and material interest in the issues being considered in this proceeding and that its participation as an intervenor may assist the Board in its understanding of the issues under review.

If you have any questions please contact the undersigned.

Sincerely,

Cheryl Blundon
Board Secretary
