

1 Q. **Newfoundland and Labrador Hydro – Near-Term Reliability Report, May 15, 2020**

2 ***Demand Forecast***

3 Page 13 of the Near-Term Reliability Report, May 15, 2020 states that, “Hydro’s forecast annual
4 peak demand requirements for the Newfoundland Power system are approximately 40-50 MW
5 higher than the peak demand forecast provided by Newfoundland Power.” Please provide an
6 analysis of the causes of the difference between Hydro’s forecasts in its May 2020 report and
7 the lower ones of Newfoundland Power.
