

1    Q.    **Reference: Application, Page 4, Paragraph 16**

2            On Page 4 at Paragraph 16, Hydro states:

3                    It remains probable that Hydro will incur costs in 2021 as a result of the  
4                    commissioning of the Muskrat Falls Project. Therefore, although Hydro proposes  
5                    to delay its GRA filing, Hydro is proposing to continue to require 2021 as a test  
6                    year for use in determining the 2021 costs to be ultimately recovered from  
7                    customers.

8            Please describe the costs that Hydro may incur in 2021 as a result of the commissioning of the  
9            Muskrat Falls Project.
