Dear Ms. Blundon:

Re: Application for Purchase of a Diesel Generating Unit – Ramea – Hydro's Reply

On July 28, 2021, Newfoundland and Labrador Hydro ("Hydro") filed an application with the Board of Commissioners of Public Utilities ("Board") for approval to purchase a diesel generating unit for use in the Ramea Diesel Generating Station pursuant to Section 41(3) of the *Public Utilities Act, RSNL 1990* ("Application").

On August 16, 2021, Newfoundland Power advised it had no comments on the Application and the Consumer Advocate advised it would not be intervening in this matter. Hydro did not receive correspondence in relation to the Application from the remaining parties. Hydro respectfully requests that the Board approve the Application as submitted.

Should you have any questions, please contact the undersigned.

Yours truly,
