

1 Q. **Reference: Schedule 1, Section 4**

2 Has Hydro prepared a comparison of projected monthly Holyrood TG5 fuel costs with Tables 3
3 and 4 for the periods from 2020 to 2025?

4

5

6 A. Newfoundland and Labrador Hydro has not prepared a comparison of projected monthly
7 Holyrood Thermal Generating Station (“Holyrood TGS”) fuel costs with Tables 3 and 4 for the
8 periods from 2020 to 2025. The Holyrood TGS data would have no impact on the application for
9 a non-firm rate on the Labrador Interconnected System.
