Attention: Ms. Cheryl Blundon

Dear Ms. Blundon:

Re: 2023 Capital Budget Application- Technical Conference

The Island Industrial Customer (IIC) Group requests a Technical Conference in relation to the following issues:

1. With reference to Hydro's response to PUB-NLH-011, in relation to Hydro's pending update to its Reliability and Resource Adequacy Study, and in particular in relation to the future requirements for the Holyrood TGS, including associated investment. The IIC Group notes that this update filing is expected in September 2022, and the IIC Group proposes that the Technical Conference be so scheduled so that there is a reasonable opportunity to review that update prior to the Technical Conference.
2. With reference to Hydro's responses to NP-NLH-005 and CA-NLH-029, on Hydro's Capital Risk Evaluation methodology and practices.

We trust this is in order.

Best regards,

Stewart McKelvey
