

1 Q. **Reference: Application, 2023 Capital Budget Overview, Table 6**

2 Have these plans been discussed with the relevant industrial customers?

3

4

5 A. Yes, prior to filing its capital budget application (“CBA”), Newfoundland and Labrador Hydro
6 (“Hydro”) provides industrial customers with a list of specifically assigned projects included in
7 the CBA and within the five-year Capital Plan. Where the proposed work has potential impacts
8 on customer operations, such as extended outages, Hydro works with the customer to optimize
9 the timing of work to the extent possible.
