

1 Q. Per Schedule 1, section 2.5, please confirm that Newfoundland Power customers will face lower
2 rates as of July 1, 2025 under the Hydro proposal than would be the case if the existing rates
3 were retained. If no, please explain why. If yes, please explain how this lowered rate revenue
4 from Newfoundland Power customers will not ultimately lead to a change in the rates paid by
5 other customers including the Island Industrial Customers, all else being equal (e.g., through
6 lowered credits to the SCVDA, etc.)
